User manual

1. Introduction

- We have a total of three executable software for you to use.

  - **Notice: You have to be a Win_x64 system or MAC_x64 (MAC Intel) user in order to run this software.**

- Our software has all passed local testing, please contact us with any questions!

2. Run the software

> **Notice**: It may take a while to run the software for the first time. If there is no response for a long time, please double-click to run again or restart your equipment.
For Win_x64 users：

1. Please unzip the `Group15_executable_software_win_x64.zip` to any location (we recommend in `Software_group15`, the directory where this article is located).

2. Run the executable software `Group15.exe` **(Recommend)** in the folder

   - If you have already installed `Openjdk18` + `javafx18` + `maven`, `.jar` will also be optional
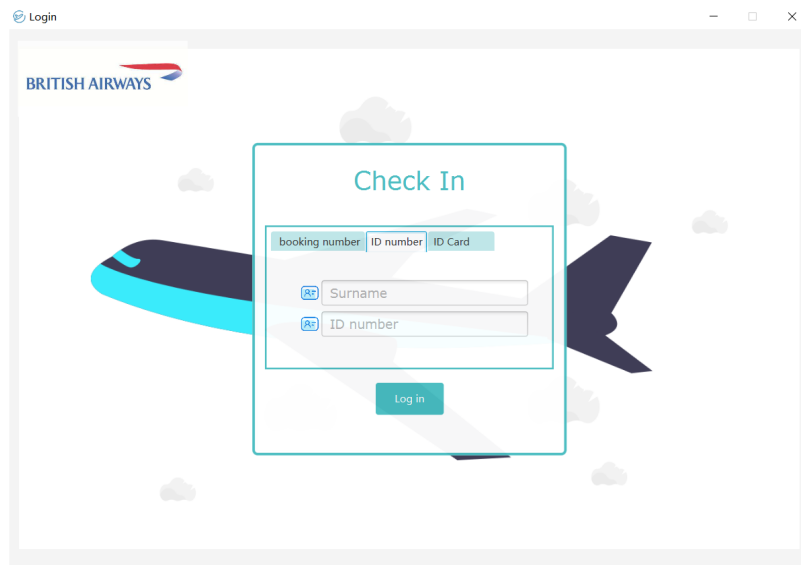

3. User manual

3.1 Check-in

1. Enter your booking number (6 digits, e.g.: 100001) to check-in.

   You can find all the available numbers in *files/Customer_information.csv*

2. You can choose other check-in method such as entering your Surname and ID number (e.g.: Jin, 1001002022001) or scan your ID card to check-in.

   You can find all the available numbers in *files/Customer_information.csv*
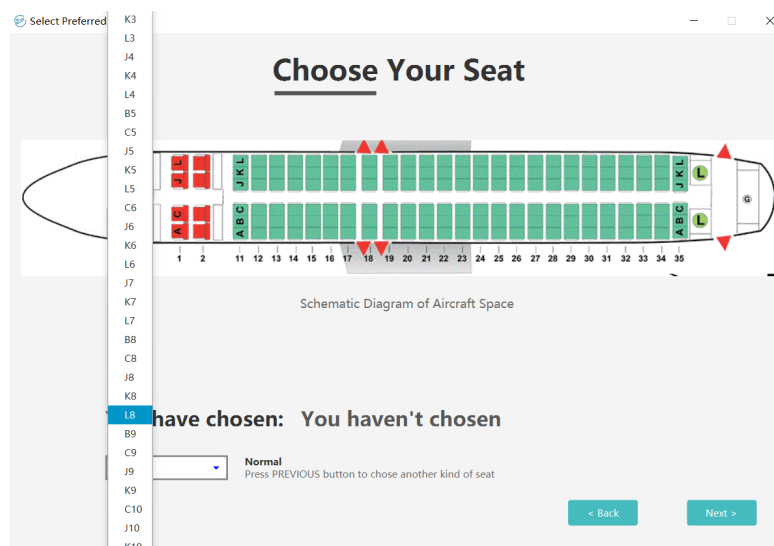

3.2 Choose seat

1. Then, you can choose between two seating modes. For larger seats, you will be asked to pay later.

2. You can then select a specific seat on the following page.

3.3 Print Boarding pass

1. Next, please click on the *PRINT* button to print your boarding pass

3.4 Choose meat

1. Next, you can select from the current page four general meals that do not require payment.

2. If you would like to select a meal that requires additional payment, please click on the *Upgrade Food* button on the right hand side of the screen to go to a new page.
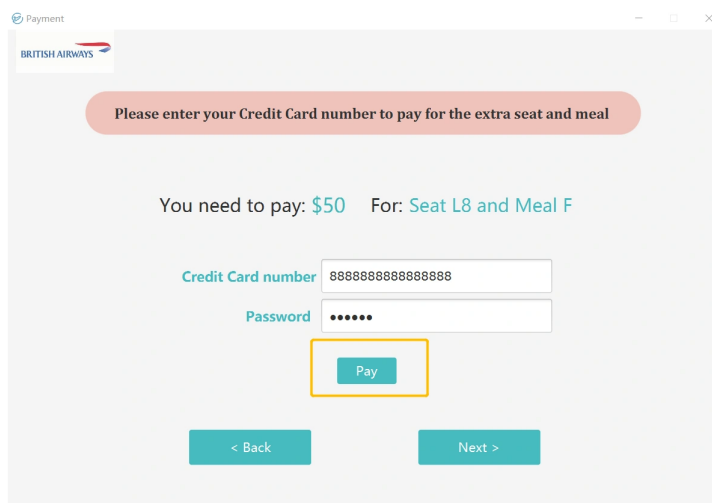

3.5 Payment

1. If you have selected additional seat or meal, please enter your credit card number and password (16 digits and 6 digits, e.g.: 8888888888888888, 123456) on this page and click *PAY* button to complete the payment.

You can find all the available numbers in *files/creditcard/credit card.txt*

3.6 Print Baggage labels

1. You can collect your printed baggage tags and attach them to your baggage, then go to the designated counter on the screen to check your baggage in.

2. Finally, you can click *Finish* to finish your check–in.

Thank you for using our Check–in Kiosk!
